

“VSU Architecture”

Computer Graphic Print, 11 ½ “ x “14”

Courtney Page Hackett

United States, 1986-

*First Place, Centennial Art Competition,
Valdosta State University, 2008*

Courtney Page was a Senior Art major when she was awarded First Place for “VSU Architecture” in the Centennial Art Competition held at VSU that was open to any student artist who was enrolled on campus during Fall 2007. Using Adobe Illustrator, she chose West Hall dome for her subject, since she considered it “a beacon of light”¹ for our students.

Upon graduation she became an instructor at the Chastain Center for the Arts, as well as teaching children’s classes at Imhotep Academy and the Boys and Girls Club. She is producing exciting, vibrant mixed media and acrylic paintings that can be seen at Courtney P. Hackett Art² and sells lovely, imaginative jewelry at Etsy³. The Valdosta State University and Special Collections purchased this piece in 2008.
