Required Course Texts and Resources

Cassell, K. A., and Hiremath, U. (2012). *Reference and Information Services: An Introduction*. 3rd edition. Chicago: ALA Neal-Schuman.

ISBN-10: 1-55570-859-5 (Paper), ISBN-13: 978-1-55570-859-7 (Paper), ISBN: 978-1-55570-864-1 (available in PDF version for a fee).

Note: Please familiarize yourself with the MLIS policy that prohibits the use of VSU's Interlibrary Loan service for obtaining textbooks at: <http://www.valdosta.edu/colleges/education/master-of-library-and-information-science/documents/MLISPolicyonILLRequestsforTextbooks.pdf>

Reading materials from the LIS professional and academic literature as indicated in the detailed reading list in weekly folders. Articles will be available via GALILEO Scholar, the Odum Library's e-journals collection, or on Odum Library course reserve, or links will be provided in the course website.

All students are **REQUIRED to purchase** access to the MLIS Program assessment system called *LiveText* (www.LiveText.com). Instructions for purchasing and using LiveText are posted on the course website.

Why LiveText? *LiveText* is the software that the MLIS Program selected for keeping track of the assessments developed to meet ALA accreditation requirements that MLIS programs document their goals and objectives in terms of student learning outcomes. These assessments are now part of all the core courses as well as certain electives. Therefore, all current students must purchase a subscription in order to submit those assignments that also serve as core assessments. The *LiveText* subscription requirement is not tied to when you entered the program or to when you plan to graduate. It is a change in the way the program keeps records for the ALA accreditors – the MLIS Program now gives reviewer access to *LiveText* to verify completion of core assessments.

Once you purchase your subscription to *LiveText*, it is good for up to 5 years. You will also have personal access to other *LiveText* features you may find useful once you have your subscription. Please consider the purchase of your *LiveText* subscription as you would the purchase of any other textbook or piece of software required for a course. You might also be interested to know that *LiveText* is used extensively in hundreds of North American universities

for program assessment and portfolio purposes. At VSU it is also required in the College of Education for purposes similar to those the MLIS Program has implemented.

It is in the student's best interest to log into the BlazeVIEW course delivery system daily to check for announcements and e-mail messages related to the course.

Communication: By institutional policy, instructors are asked to communicate with students online through VSU accounts (BlazeVIEW and VSU e-mail). The course **Faculty Office discussion board** will be available for the duration of the semester. Please post course-related questions that may be relevant to your classmates on the discussion board. Please read the Faculty Office discussion board regularly. If you have a personal question please send it to the instructor via **BlazeVIEW course e-mail**. If you would like to speak with the instructor by telephone please ask for an appointment via e-mail so a mutually appropriate time can be determined. If you are in Valdosta and would like to meet face to face please send a message via e-mail to arrange a time. If the instructor's office door is open please feel free to come in.

Submitting Assignments: All discussion post and assignment submissions must be sent via BlazeVIEW. Naming conventions for each assignment submission will be provided.

Late work: All course work is due inside BlazeVIEW on the date and time indicated on the course calendar. Any exceptions without penalties must be negotiated in advance. Technological crises are not an acceptable excuse for submitting work late unless BlazeVIEW is down.

A grace period of 24 hours is offered without penalty. After 24 hours 1 point of the maximum possible grade will be deducted from the student's score per day. **The instructor WILL NOT accept work that is more than five (5) days late without prior consent.** If you inform me of extenuating circumstances **before** the deadline, we can work out a solution for submitting a late assignment without penalty. Completely skipping an assignment is not acceptable in graduate school. To receive an A in this course requires completing **every** assignment.

University Resources & Policy

Academic Honesty: Valdosta State University expects that graduate students will pursue their academic endeavors and conduct themselves in a professional and ethical manner. All work that a student presents to satisfy course requirements should represent his or her own efforts, including appropriate use and acknowledgement of external sources. Specific regulations related to student conduct and behaviors are contained in the Student Handbook, Student Code of Conduct. See also:

<http://www.valdosta.edu/academics/academic-affairs/vp-office/academic-honesty-policies-and-procedures.php>

It is **your responsibility** to make sure you understand how to avoid breeches of academic integrity. If a student is unsure about the parameters of an assignment, ask for clarification. If a student needs help with citations and research resources and techniques, the University provides extensive resources for students. For help please start at the Odum Library's page:

<http://www.valdosta.edu/academics/library/research-guides/citing-your-sources/welcome.php>

Noncompliance with rules on appropriate use of resources will result in **zero** credit for those parts of the assignment affected. Asking librarians or staff in a library to provide answers or to conduct research to fulfill any part of a graded course requirement is an infraction of academic integrity. The same policy applies to contacting any free or commercial reference service for assistance with a graded assignment. An overall grade of **zero** can be assigned to an INDIVIDUAL paper or project if the instructor determines that its contents, or parts of its contents, were completed by a second party.

TurnItIn: By taking this course, you agree that all required course work may be subject to submission for textual similarity review to TurnItIn, a tool within BlazeVIEW. For more information on the use of TurnItIn at VSU, go to <http://www.valdosta.edu/academics/elearning/main/faculty-and-staff/faculty-resources/turnitin.php>.

Student Conduct: All interactions related to this class are to be conducted respectfully and professionally whether during face to face meetings, online interactions, small group work, email or telephone communication according to the Student Code of Conduct as presented in the Valdosta State University Student Handbook, beginning on page 64:

<http://www.valdosta.edu/administration/student-affairs/student-conduct-office/documents/student-handbook.pdf>

Distant Learning Support: The University's Information Technology department provides step-by-step guides on how to use VSU's email and other sources. The IT Help Desk is at <http://www.valdosta.edu/helpdesk/guides/> and their phone hot line is 229-245-4357.

To help address concerns of off-campus and online students, the VSU Library maintains the Library Services and Resources for Distance Education Student webpage at:

<http://www.valdosta.edu/academics/library/services/distance-education.php>

Student Agreements: Enrollment in this class signifies that you agree to abide by and adhere to the policies and regulations specified above. It is understood that the instructor may adapt or change this syllabus and the assignments contained within it if extraordinary circumstances arise during the course of the semester.

Incompletes: If you have not submitted assignments up to the Midterm in the semester, you are not eligible for an Incomplete at the end of the semester.
