**A big thanks goes to Dr. Wasieleski** for sharing with us about the **Clinical Psych** program here at VSU. An overview of some of the basics that were covered:

- Applicants need to shoot for a 1000 on the GRE with an undergraduate GPA of 3.0. If this is not met, entry may be attained on a probationary condition.
- Masters level clinical psychologists do most of the one on one counselling needed in the field. Other popular career options include school psychologist and psychometrist (test administrator).
- Supervisors rate VSU Clinical Graduates as well prepared and professional after graduation. VSU's program is considered vigorous and sends its graduates out well equipped.

In two weeks (**March 4**), two of Dr. Wiley's **Industrial Organizational** Graduate students will be sharing with us about this program here at VSU. Bring your appetite and your questions!
